

fellow students from around the globe to compete for international prestige in a contest of ingenuity.

In exercising their talents, these Virginia students not only captured a first place world ranking, but also set a world record through their success at the Odyssey of the Mind's World Competition.

In their rise to confront challenge, Mr. Speaker, these students demonstrated their ability to think critically, to work cooperatively, and to overcome obstacles. Their vigor and success distinguishes our education system in its ability to cultivate the talents of our youth.

In this, it is my desire that these accomplishments of these students be recognized and thus be a testament to the positive role of education in preparing students as emerging leaders.

#### INDIVIDUAL DEVELOPMENT ACCOUNTS

(Mr. PITTS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PITTS. Mr. Speaker, today, along with 34 cosponsors, I am reintroducing the bill to establish Individual Development Accounts on a national level. They already exist in several States, including Pennsylvania.

IDAs allow working poor families to save and invest and receive matching contributions from their financial institutions. They can be withdrawn and used only to buy a home, start a small business, or get higher education. Finally, after decades of government-funded poverty, we are encouraging poor and working poor Americans to provide for themselves and plan for their futures.

Just like welfare reform, this program will help those who need help, but IDAs will help people help themselves. Imagine the pride of a new investor who has saved enough to go into business for himself or the joy of putting a down payment on a house one thought one would never be able to afford or opportunities made possible by a college diploma.

IDAs are a good idea for this country. They are part of the President's community renewal plan. I encourage my colleagues to join me in making them a reality.

#### ENCOURAGING LTV STEEL AND THE UNION TO GO BACK TO THE TABLE

(Mrs. JONES of Ohio asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. JONES of Ohio. Mr. Speaker, on Monday in the City of Youngstown, LTV Steel filed in the bankruptcy court a request to be relieved from its union contract in order to continue its process of reorganization.

Over the past 6 months in conjunction with Federal officials, including

yourself, local officials, counties, State, we have been trying to work with LTV to help them through this bankruptcy. I would encourage LTV corporate officials and the unions to go back to the table.

We know that we are in a difficult time right now, but it is very important that we do not lose 5,000 jobs in the City of Cleveland that would impact 40,000 jobs throughout our area.

LTV, back to the table. The union is ready to work. Let us resolve this issue for the people of the City of Cleveland.

#### LA LIGA CONTRA EL CANCER PROUDLY SERVES FLORIDA COMMUNITIES

(Ms. ROS-LEHTINEN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. ROS-LEHTINEN. Mr. Speaker, the League Against Cancer or La Liga Contra el Cancer, as it is more commonly known in my congressional district, recently raised over \$3 million for cancer patients during its 25th annual telethon.

Florida ranks second in the incidence of cancer, as one in every two men and one of every two women are diagnosed over a life-span.

La Liga never turns away cancer patients, and I wish to commend its president, Dr. George Suarez and its VP, Brenda Moreira, and the hundreds of volunteers and sponsors who give hope to thousands of Florida's victims of cancer.

Low-income and uninsured cancer patients come to the League for life-saving treatment. Over 300 Miami-Dade board-certified doctors and hundreds of community members volunteer their time and skills and work tirelessly to help cancer victims.

Last year, with the budget deficit, La Liga provided life-saving services to almost 4,000 patients, all of whom were legal residents of Florida. We thank La Liga Contra el Cancer for its proud record of service to our community.

#### STOP GOUGING PEOPLE IN CALIFORNIA

(Mr. GEORGE MILLER of California asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GEORGE MILLER of California. Mr. Speaker, it is not bad enough that the energy wholesalers selling energy into California have been able to continue to gouge the California consumer, California families and small businesses, but now we see that the energy companies have joined with the White House, joined with the Republicans in Congress to launch a campaign that, according to CNN, may spend upwards to \$50 million by the energy companies to convince Californians that price caps on wholesale energy costs would be bad for them.

The suggestion is that somehow the price gouging that is going on now in

California and in the western United States is good for consumers. Yet, we see that, in California, more and more households are unable to pay their energy bills. More and more small businesses are at risk or have already gone out of business because of energy costs. We are starting to see individuals make decisions about locating businesses in California.

The White House and its buddies in the energy business ought to stay out of this. What they ought to do is stop gouging the people in California.

#### THE CHECK IS IN THE MAIL

(Mr. GIBBONS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GIBBONS. Mr. Speaker, there is a couple of old sayings around. One is that the check is in the mail and, two, I am from the Federal Government and help is on the way.

Well, Mr. Speaker, I am happy to announce to my fellow hard-working Nevadans that their check, their rebate check is truly in the mail. Nevadans can expect to see over \$292 million in tax relief arriving in their mailboxes this summer. Now, that is real help. This equates to an average tax rebate check of over \$420 for every hard-working taxpayer in the silver State.

It is about time. The people of Nevada and our great country have been paying far too much in taxes for far too long. Thanks to this bipartisan tax relief bill passed by this Congress and signed into law by President Bush, single taxpayers can expect tax rebates of up to \$300 and married tax filers can expect up to \$600 in tax relief.

This money can go toward paying the mortgage, a car loan, or a new washing machine or even gasoline for one's car. These tax rebate checks are just the beginning. Americans can expect additional tax relief over the next 10 years. Mr. Speaker, this time Nevadans can be assured that their check their overpayment in taxes is in the mail.

□ 1015

#### THANKS TO PRESIDENT BUSH FOR TAX REBATES

(Mr. SAM JOHNSON of Texas asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SAM JOHNSON of Texas. Mr. Speaker, I am glad he talked about tax relief, because that is what I want to emphasize, too.

Thanks to President George W. Bush, for those who paid taxes for the year 2000, the check is in the mail. Taxpayers are likely to receive a \$300 check in the mail if they are single, a \$500 check if they are a single parent, and a \$600 check if they are married. No one has to even fill out forms, or file anything. They just have to check their mailbox this summer.
